

COMPANY PROFILE 2026

ELECTRIC BIKE MANUFACTURER

Custom E-Bike Solutions Provider

China Innovation x Europe Delivery

Jinhua JOBO Technology Co., Ltd

Company Overview

2014

Year Founded

300K+

Annual Capacity

80+

Export Countries

107+

Patents

Founded in 2014, Jinhua Jobo Electric Technology Co., Ltd. is a national high-tech enterprise specializing in the R&D, manufacturing, and sales of electric bicycles.

With dual production bases in China and Europe, we deliver 300,000+ units annually to over 80 countries worldwide.

- Core E-bike supplier to the largest US online electric riding platform
- Commercial delivery partner to major US and Australian pizza chains

Global Presence

Jinhua, Zhejiang Province

50,000 sqm Production Area

3 Automated Assembly Lines

300K Units Annual Capacity

Global R&D and Manufacturing Center

Frame factory + painting line fully owned

CHINA HQ

Warsaw, Poland

10,000 sqm Production Area

50+ Employees

2 Assembly Lines

European Local Assembly & Service Center

Covering EU Core Markets

JOBO EU

Milestones & Strategic Breakthroughs

STRATEGIC MILESTONES 2024-2025

 **Dec 2024** — Passed GB17761-2024 new national standard and 3C certification, among first in Zhejiang Province

 **Apr 2025** — China International Camping Conference
Partnered with scenic spots for rental operations

 **Government Partnerships** — Strategic cooperation with Baise, Tongcheng, Zhengzhou, Qingdao, and more

 **WIKTORIA Prize** — "European E-bike Industry Leader" (2023)

 **Cross-border E-commerce Export Famous Brand** — Zhejiang Province

Smart Manufacturing

Laser Robotic Cutting

High-precision laser robotic cutting ensures clean, consistent tube cuts with minimal human error. Digital programming enables precise complex-geometry processing, providing a stable welding foundation and enhancing frame strength and product consistency.

Robotic Welding

Automated robotic welding precisely controls angle, penetration, and heat input for uniform, strong welds. It significantly enhances frame strength and consistency over manual welding, ensuring long-term reliability for e-bikes.

CNC Precision Machining

High-precision CNC machining centers ensure exact dimensional matching of critical components. Digital manufacturing enhances accuracy and assembly efficiency, supporting overall vehicle performance and quality stability.

Automated Spray Coating

Automotive-grade automated spray lines ensure standardized primer, topcoat, and protective layer application. The coating delivers uniform adhesion, excellent corrosion, abrasion, and aging resistance—maintaining superior appearance quality under long-term outdoor use.

In-House QC Laboratory | Full-Dimension Real-World Simulation

STRUCTURAL SAFETY

- ✓ Frame fatigue testing
- ✓ Whole-vehicle vibration test
- ✓ Fork/frame rigidity test
- ✓ Brake performance test
- ✓ Impact resistance test

ENVIRONMENTAL

- ✓ Salt spray corrosion test
- ✓ High-low temp humidity (-20-60°C)
- ✓ UV aging test
- ✓ Waterproof IPX rating test
- ✓ Dust resistance test

ELECTRICAL

- ✓ Battery charge/discharge cycle
- ✓ Motor efficiency test
- ✓ Controller function test
- ✓ EN15194 comprehensive
- ✓ EMC electromagnetic compat.

Technology Moat

PATENT PORTFOLIO

107+

Technical Patents

2 Invention Patents

26 Utility Models

10 Design Patents

7 Software Copyrights

35+ TUV-Certified Models

R&D CAPABILITY

40+ Senior R&D Engineers

35+ Models with TUV Certification

15 Days Sample Lead Time (CNC)

FULL-PROCESS CO-DEVELOPMENT

Not just taking orders — providing end-to-end R&D partnership

- Complete pipeline: Testing → Certification → Mass Production
- NDA protection for intellectual property throughout the entire process

European Assembly Advantage

Poland-Based Assembly for Tariff-Free EU Delivery

100%

Anti-Dumping Duty Avoidance
via EU local assembly

3-7 Workdays

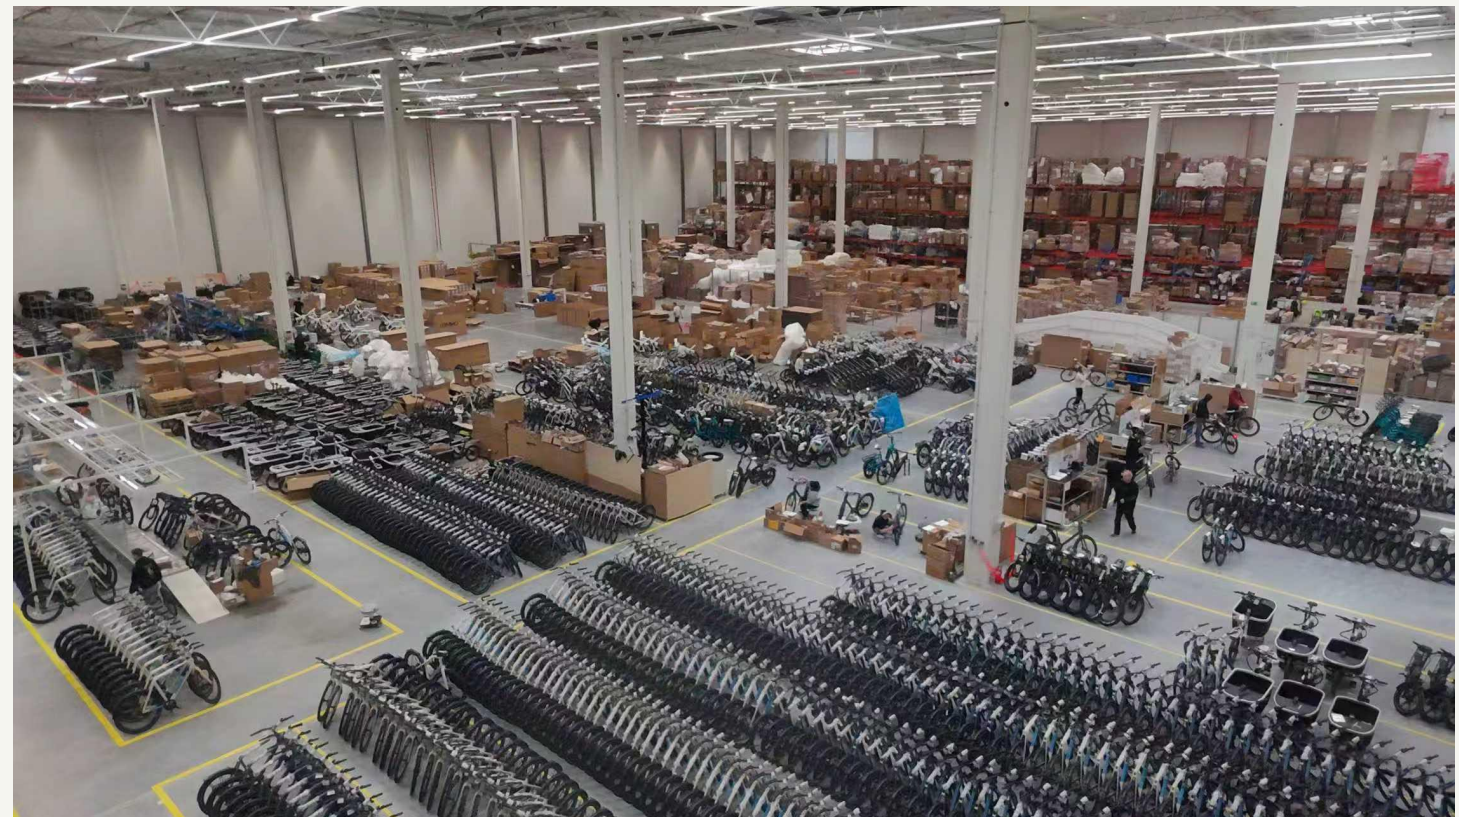

EU Local Delivery
(vs 45-60 days sea freight)

48h

Spare Parts Availability
European local warehouse

WHY POLAND?

-  **EU Center Location** — Road/rail access to DE, FR, NL, BE, LU
Strategic logistics hub for pan-European distribution
-  **Chinese Techs Stationed** — Zero communication barrier
Unified quality standards with China HQ
-  **WIKTORIA Prize Winner** — Same specs as EU local brands
Poland national business award recognized

Certifications & Partnership

GLOBAL CERTIFICATIONS

CE	EN15194	CCC	ISO9001	RoHS	TUV SUD	SGS
----	---------	-----	---------	------	---------	-----

PARTNERSHIP MODELS

OEM / ODM / SKD / CKD

- ✓ Full customization from R&D to mass production
- ✓ "Made in EU" labeling via Poland assembly
- ✓ NDA protection for IP confidentiality
- ✓ Anti-dumping duty avoidance

BRAND AGENCY

- ✓ Poland direct shipping: 3-7 days to Europe
- ✓ Private label (MOQ flexible)
- ✓ Zero inventory risk, asset-light operation
- ✓ We hold stock, you focus on sales

SCENE OPERATIONS

- ✓ One-stop: Vehicles + IoT backend + O&M
- ✓ Mid-drive motor, Beidou GPS, safety monitoring
- ✓ Ningbo Dongqian Lake benchmark case
- ✓ Scenic rental & shared mobility solutions

JOINT R&D

- ✓ 40+ R&D team tackling technical challenges
- ✓ Shared patent applications
- ✓ Cutting-edge tech + mature manufacturing
- ✓ Fast productization of innovations

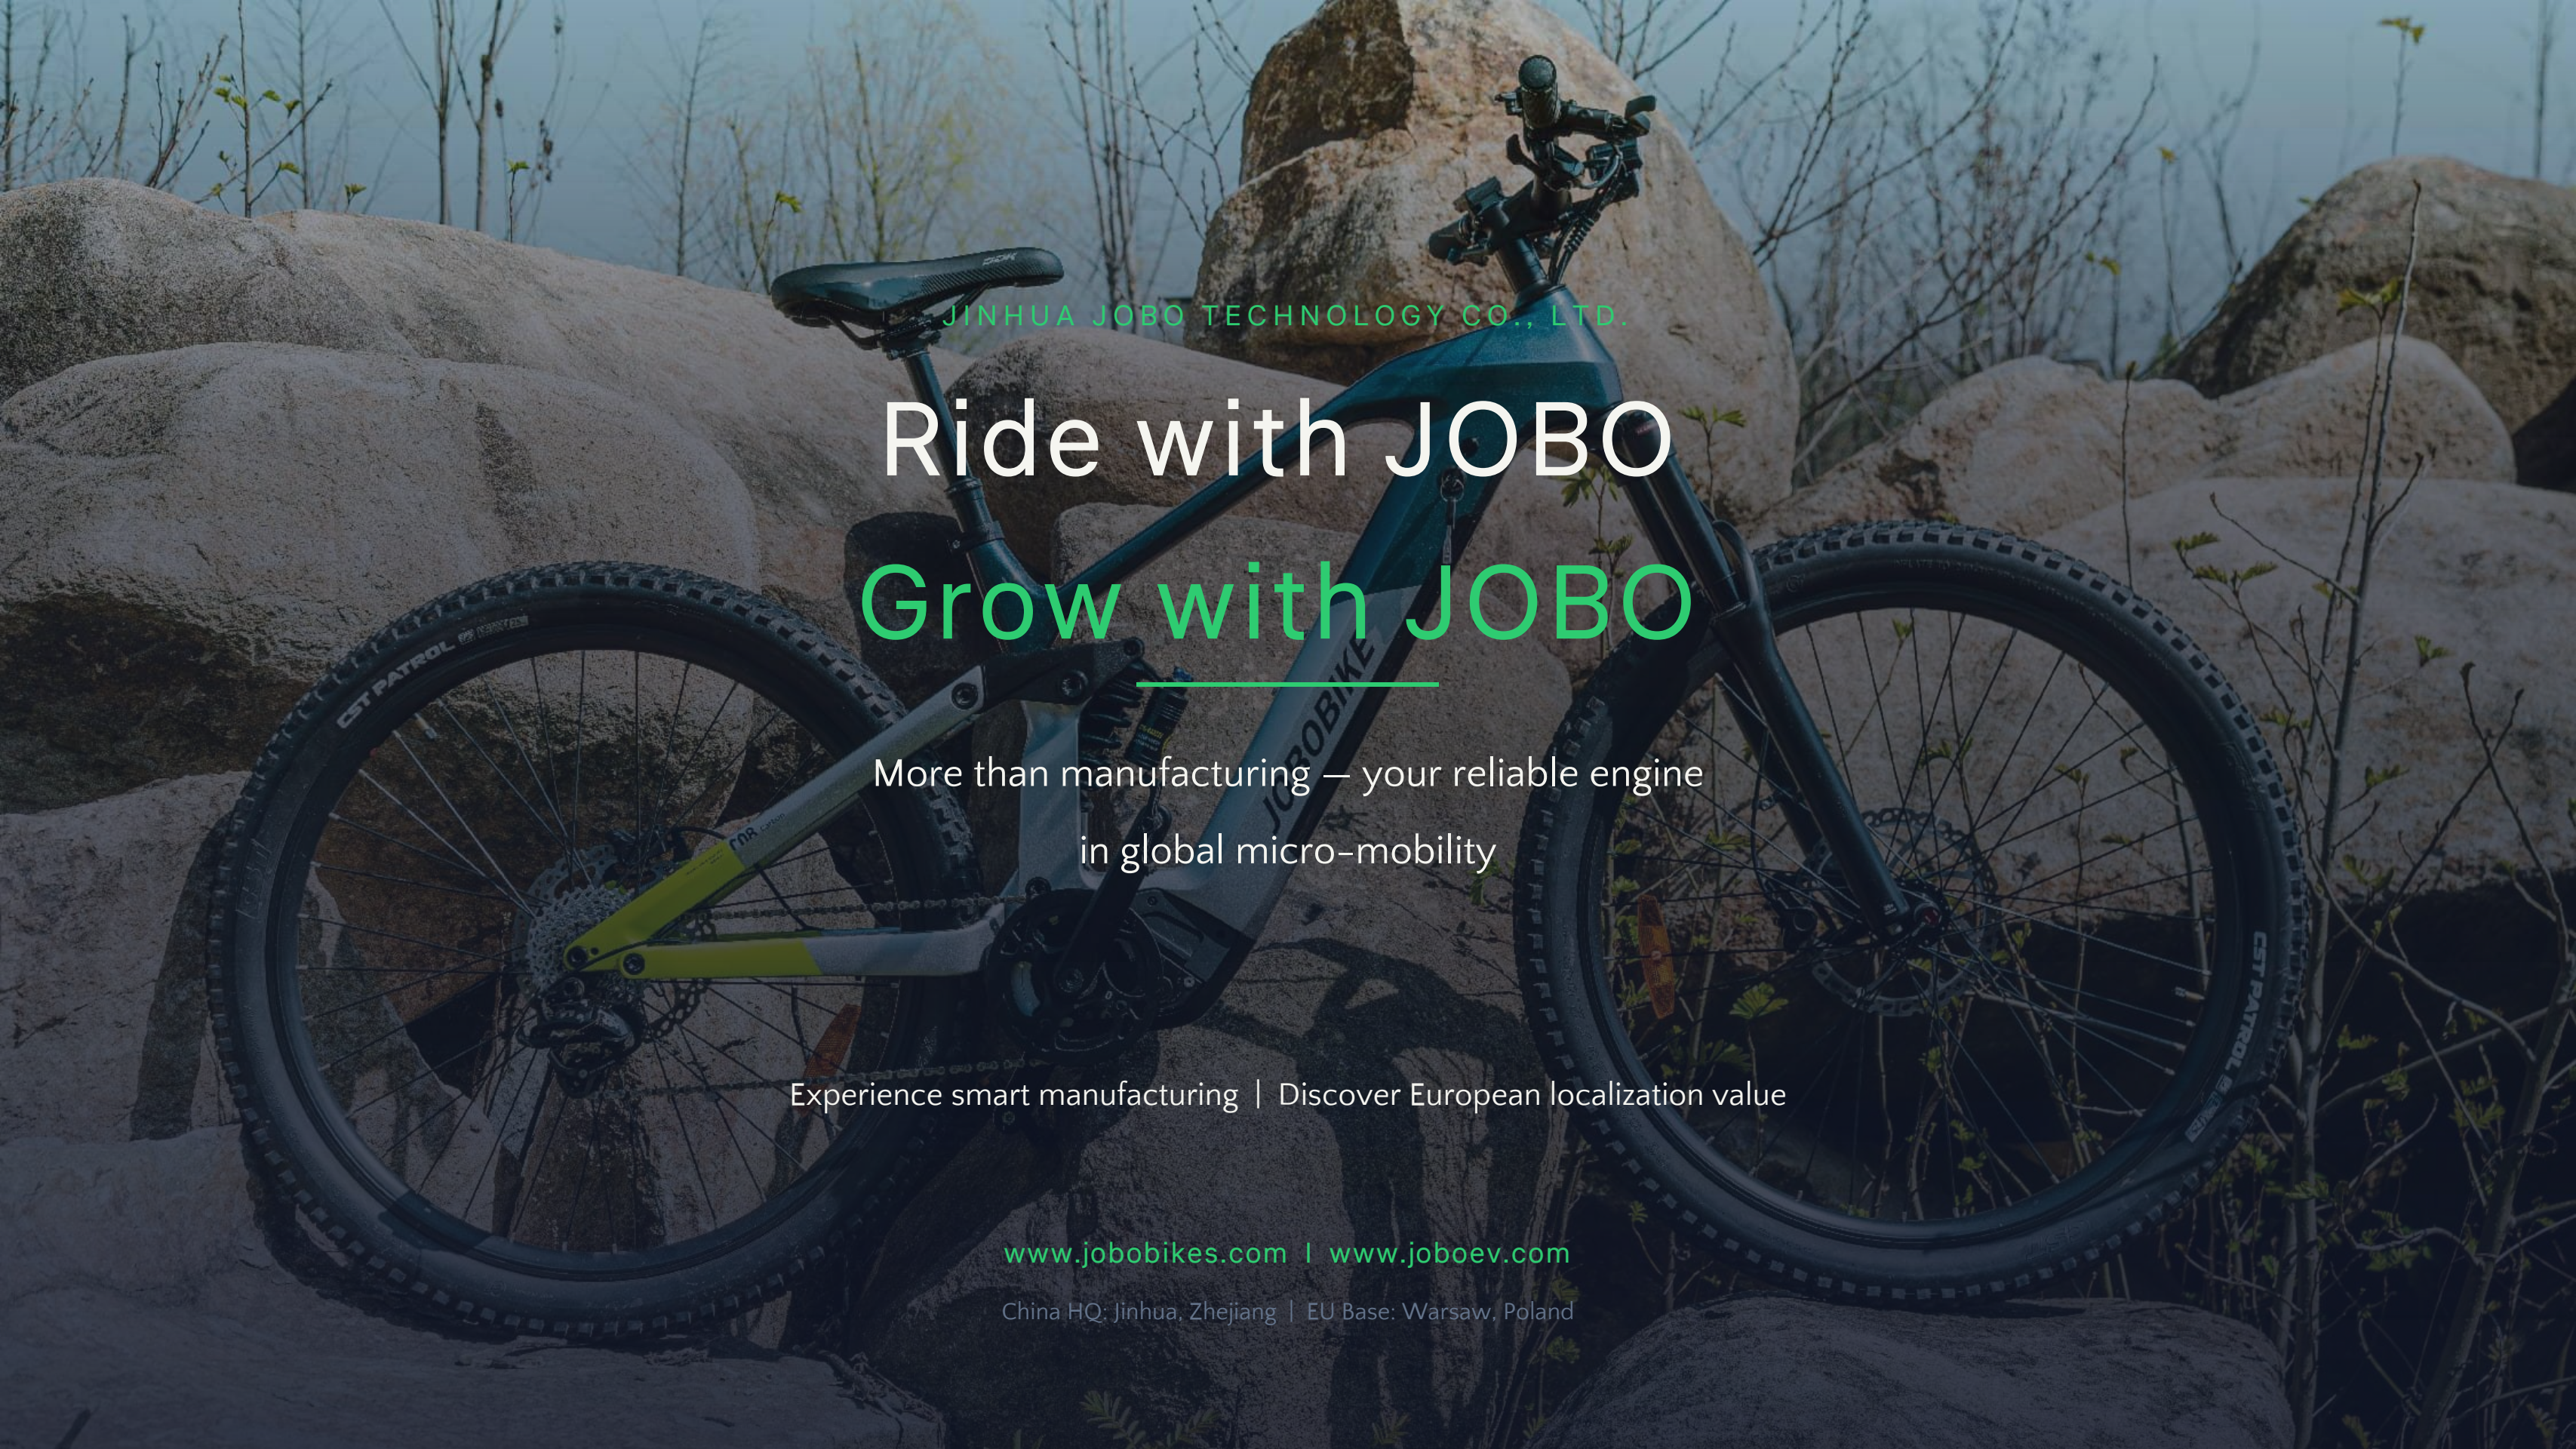

Product Portfolio & Global Reach

100+ MATURE MODELS

NEW NATIONAL STANDARD GB17761-2024 + 3C	FOLDING E-BIKE Compact & Portable	CITY E-BIKE Urban Commuter	MTB / GRAVEL E-BIKE Off-Road Power	CARGO E-BIKE Heavy-Duty Hauler
---	---	----------------------------------	--	--------------------------------------

GLOBAL FOOTPRINT

UNITED STATES TOP 1 Online Sales Top 3 export sales nationwide (2019) JOBO BIKE brand market leader	EUROPE 0% Anti-Dumping via Poland 100+ dealers across EU countries WIKTORIA Prize winner	ISRAEL 30% Market Share (since 2015) Early proof of product quality and durability
CENTRAL ASIA & CHINA Belt & Road strategic growth market Zhejiang Cross-border E-commerce Famous Brand Ningbo Dongqian Lake scenic rental benchmark — first new standard domestic case	PARTNER SUPPORT SYSTEM ✔ Lifetime frame warranty ✔ 2-year parts warranty ✔ 24h global response ✔ Marketing toolkit (3D, video, manuals)
